

Wedding Photography
That Feels Like You!

Hello there!

The weirdo with a camera

Hey! I'm Becky

I LOVE COFFEE

I LOVE EPISODE III

I LOVE XENOMORPHS

I LOVE LOUD MUSIC

Let me introduce myself... I'm a wedding photographer, professional people-wrangler, calm under pressure, and enthusiastic supporter of my couples doing things their own way.

Based near Wimborne in Dorset I cover Hampshire, Dorset, Wiltshire, Somerset, the New Forest, actually... wherever your plans take you in the UK! I bring experience, instinct, empathy — and a very good sense of when to step in and when to disappear.

I take what I do seriously.

I don't take myself too seriously.

Your wedding day isn't a photoshoot. It's a once-in-a-lifetime experience — and you deserve to actually enjoy it.

What an AWESOME Person

We hired Becky for our Wedding, and from the initial emails, pre photo shoot, working with her at a stylised shoot, meet ups and then the wedding day itself, we cannot fault Becky!

Her photos of our wedding specifically are super, they capture the day, got the vibe

we were going for, relaxed and fun loving! Guests commented all day and even now months on, about how lovely she was and it was like having another guest because Becky fit in so well. Come the evening we can say we had a great time, but we didn't notice Becky once, (in the nicest, positive way) there was no camera in your

face, no breaking a moment, just capturing it for us to share after, moments we didn't see and some that we did and are so glad we've got forever.

We can't praise Becky enough, we don't plan to get married again, but if we had to wed have her again 100%.

Thank you

Your Day, Your Story, Your Cheerleader

From your first sip of bubbly while getting ready to the final dance floor spin, I'm there for it all. I'm not just a photographer; I'm your honorary wedding party member, ready to:

- Organise portraits with zero stress and loads of personality.
- Ninja-capture candid moments (yes, including Uncle Bob's legendary dance moves).
- Cheer you on while making sure every magical second is documented with a smile.

Your wedding day is a whirlwind of excitement, and my goal is to make it feel effortless and fun. From fluffing your dress to catching those once-in-a-lifetime moments, I've got your back.

No awkward wedding nonsense

I just wanted to say a massive thank you for everything. You were fantastic and really made us both feel at ease. The pictures are absolutely superb and we love them.

You have really made our day so magical and special and something we can treasure forever.

Thank you so much x

Becky was great from the start with zoom calls and regular email contact to answer our questions and sort our photo list.

Becky is clearly a magician

or ninja, probably both.

I hate having my photo taken and am very awkward and uncomfortable in front of the camera, but Becky put us both at ease and for much of the day I completely forgot I was being photographed, Becky is clearly a magician, or a ninja, probably both, I don't know how she managed to capture our ceremony from so many angles without us even aware of it!

The sneak peaks were available within a few days and full album within a few weeks, far quicker than expected. I am autistic and found the day incredibly overwhelming, but Becky managed to capture all the joy, colour and personality of the day.

Can we add a second photographer?!

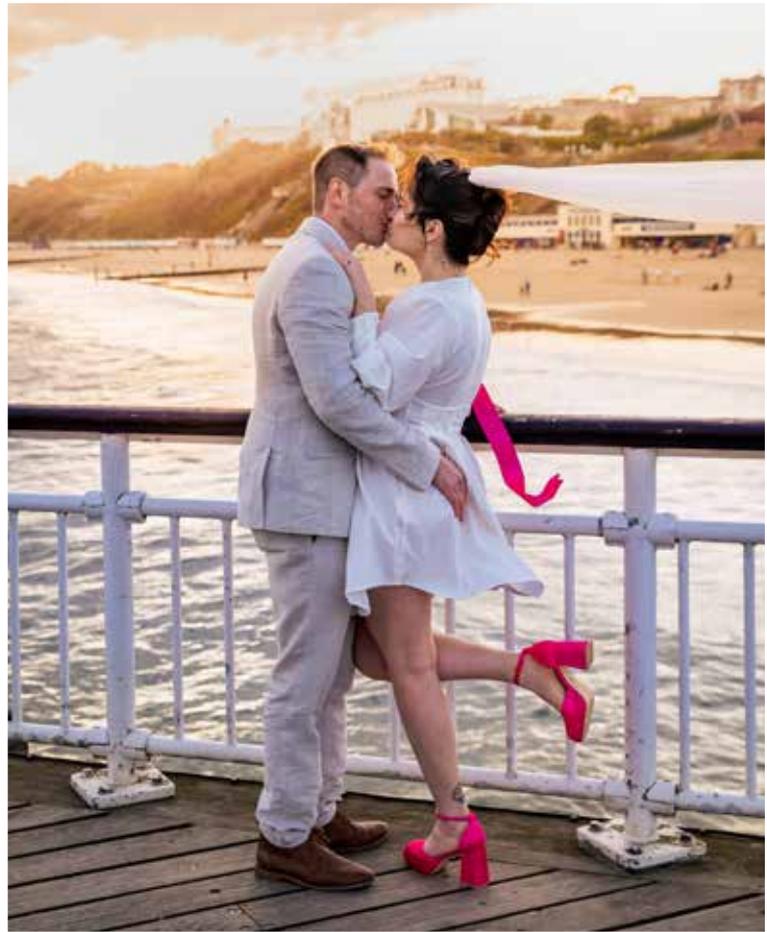

As amazing as I am, I cannot be in two places at once. This is especially true for weddings with more than 80 guests, or large, exclusive-use venues.

You might even get Sacha Louise Photography as your second!

If you're looking to have both couples' prep covered or you're having a wedding with ALOT of guests, a second photographer is a great idea. Not only does it mean both prep locations can be documented, it means we can capture as much of the joy and candid moments as possible without missing a beat!

I regularly work as a second photographer myself and have a network of seconds that are also main photographers with successful businesses in their own right - so you know they're good! We know how to work together, get the best out of each other and bring out the best in you and your guests on your special day.

Unapologetically you

Real moments only

Micro Weddings

Having a smaller celebration or elopement? I absolutely adore intimate weddings—they're just so beautifully personal and full of those lovely, meaningful moments that make your day truly yours. Whether you need 1-2 hours to capture the heart of your ceremony and some stunning portraits, or up to 5 hours to document the whole story, I'll create coverage that's perfectly tailored to your needs.

Smaller weddings allow us to really focus on the details—the laughter, the tears, and those quiet, heartfelt exchanges between you and your partner. They're a wonderful way to celebrate your love in a relaxed, intimate setting, and I'll make sure every single moment is captured with creativity and care.

Planning a micro wedding, vow renewal, or elopement in Hampshire, Dorset, the New Forest, or London? I've got you covered. Whether you're exchanging vows in a picturesque outdoor setting or hosting an intimate celebration with just a handful of guests, I'll document it all with creativity and care.

what's included?

- A pre-wedding consultation via Zoom/Teams or Skype - if you'd prefer I'm always happy to meet up for coffee!

For Up To 2.5 Hours Coverage - To Include Ceremony, Group Photos & Couples Portraits.

Consider an unplugged ceremony...

Let's talk about unplugged ceremonies!

Asking your guests to pop their phones away during the ceremony might seem like a small ask, but trust me, it makes a massive difference. When everyone is fully present, they get to soak in all the emotions, the love, and the joy of your big moment instead of watching it through a tiny screen. It's such a wonderful way for them to truly connect with your celebration.

No screens, just feelings.

Stay present. I've got the photos

I'm here to take care of the photos! You've hired me to capture every beautiful detail, from the exchange of vows to that first emotional glance. It's a lot easier for me to get those magical, unobstructed shots without having to dodge phones or well-meaning family friends with a keen eye. Plus, it'll keep your ceremony feeling intimate and relaxed... just as it should be.

To make it easy and respectful, consider having your officiant make a brief announcement before the ceremony begins. You can also set the tone with elegant signage as guests arrive, politely requesting that they remain unplugged during this time. This thoughtful touch ensures that every guest gets to be truly part of your moment, while I handle the photography – leaving you with beautiful images and your guests with cherished memories of being present with you.

“

You've done such
an amazing job.,
Thank you so
much, honestly!

Golden Hour: Why Sunset Photos Are a Must!

These are moments where the day slows down, and you can breathe, reconnect, and soak in the magic of your wedding. The golden hour provides soft, flattering light that adds an ethereal quality to your photos, making them feel like something out of a dream. Not only will this create stunning, timeless images that you'll cherish, but it also gives you a chance to step away from the buzz of the day, a rare and precious moment of calm... even if the light isn't on our side.

This time of day can give us soft, dreamy light that flatters absolutely everyone and adds a touch of magic to every shot. It's when the sky turns into a canvas of warm hues, and everything feels a little softer, a little more romantic. These photos aren't just about how you look; they capture the joy, connection, and excitement of this incredible moment in your lives.

Trust me, golden hour portraits are the perfect way to hit pause on the day and soak up the vibes before diving back into the party!

You'll remember this ...

Planning Your Wedding Day Timings

HOW TO ENJOY THE DAY YOU WANT WITHOUT STRESSING OVER THE CLOCK

Weddings can feel like a juggling act, can't they? So many moving parts, so much emotion, and all of it crammed into one whirlwind of a day. That's why having a clear plan for your timings can be a real lifesaver—helping all those little pieces fall perfectly into place so you can focus on the best bit: each other!

Trust me, the day flies by, and having that extra breathing room can make all the difference. Whether it's unexpected traffic, an emotional delay, or just the need for a moment to catch your breath, a little extra time means you'll stay relaxed and on track.

Big feelings, loud love

Top tip: If your day involves travelling between locations or venues build in at least 30 minutes of buffer time between events.

frequently asked questions

How many photographs will we get?

I don't like to limit my coverage to a number, every Wedding is different and I like to capture everything from the shot list as well as those candid moments that unfold. From full day coverage a minimum of 400 photos isn't unusual. But do bear in mind this can change depending on the amount of guests, how long your day is and how many group and portrait shots you have planned.

How many hours should I book?

Bespoke Hourly 1-6 hours: Small Ceremony, Elopement/Micro Weddings - Arrival, Ceremony and Formals.

8 hours - Getting ready, Wedding party portraits before the ceremony, Ceremony, Formal Shots and start of reception OR Ceremony up to First Dance.

10-12 hours - Full day coverage, as 8 hours including first dance and evening reception.

Coverage is for continuous coverage for the time allotted.

How will we receive our images?

High resolution edited jpegs will be supplied via an online private gallery. I aim to deliver a preview of your wedding within 1 week of the event.

RAW files will not be supplied under any circumstance.

How do we secure our date?

A 25% Booking Fee secures your date in my diary, Full payment 30 days before Wedding date. Payment of the balance can be made at any time within the same tax year as your event date.

Please note: dates are not secured until the booking fee is paid and contract signed.

I know you favour a documentary style - can we have groups photos?

Yes I do! Even though you don't see many on my site. However, my style is primarily candid. I suggest limiting group shots to around 10 - not only do group shots take time, they take time out of your valuable day and guests can get a bit antsy!

You'll receive a pre-wedding questionnaire to choose your group shots. Please be aware group photos take a lot of time and can eat into valuable cocktail and couple's portrait time. Why not opt for a few main shots, family, wedding posse, besties... then we can take fun group photos of everyone else as the day unfolds in a more relaxed, fun, natural style!

We don't want a pre-wedding shoot - can we have a discount?

The Engagement/Family/Pre-Wedding Shoot is a complimentary bonus when you book a full-day package. The cost of which cannot be deducted if you decide not to use it. Pets absolutely count as family! bonus points for any dogs at weddings/shoots.

Do your prices include travel?

All packages include travel within 2.5 hours of BH21, excluding central London. Full-day weddings more than 2.5 hours away will incur a surcharge of £225 for accommodation and travel.

What gear do you use?

I'm a Nikon girl. I shoot with with a mirrorless full frame set up and a variety of lenses, prime and zoom, lighting and back up equipment.

My cameras shoot to two card slots for real-time back ups and I back up your photos to an external hard drive as soon as I get home/to my hotel.

Do we need to feed you?

It would be wonderful if you could... As you know, Wedding days are long, from prep to reception is almost a full day in itself. Being properly fuelled for and during the day is vital for keeping energy levels topped up.

I do, however follow a Plant Based lifestyle, if you're unable to offer me a meal please let me know in advance so I can plan accordingly. I will take my main meal break during your meal - no one likes having their photo taking while scoffing down on something delicious! If you are having speeches during the meal please let me know so I can work my break times around this. I always appreciate being fed and watered

Can you please "Photoshop" our photos?!

In short, no. I do not "facetune", "slim down" or "Photoshop" my photos. Retouching is limited to temporary blemishes. Image manipulation (often referred to as 'Photoshopping') - including but not limited to body sculpting, reshaping - is not included. My documentary style of photography and editing is capturing the memories and moments as they happen, in true-to-life colour and glory. You will pull a face when you laugh, or look a certain way, but that's who you are and it is wonderful and it is why the person you're marrying loves you.

Do you accept credit cards?

No, sorry. I accept payment by Bank Transfer only. Your booking fee is only 25% of the total invoice. The balance needs to be cleared 30 days before your date, otherwise photos will not be delivered until payment is complete. I am also unable to offer payment plans.

I am fully insured and have public liability cover up to £5,000,000.

The best wedding photographer ever!!

So great at organising the day, organising the guests and at the same time blending in and getting incredible pictures.
